

FIRST CLAAS USED classifications. Tested and certified.

You wouldn't buy a house without first having it inspected. So, why settle for less when it comes to your next pre-owned machine? Select FIRST CLAAS USED machines now come equipped with something rarely found in pre-owned equipment: Peace of mind!

Choose the level of reconditioning that best meets your needs and budget! Looking for "like new" performance at a less-than-new price? Select a FIRST CLAAS USED Gold machine backed by a one-year protection plan. In need of a meticulously cleaned and inspected machine with a list of recommended service items you can tackle yourself? FIRST CLAAS USED Silver may be just what you need. You can even select a Bronze level machine with a few more years and hours, but with many of the same performance features as a current machine.

FIRST CLAAS USED

Pre-owned. Trusted partner.

L R

CLAAS makes it easy to find just what you need.

★ GOLD

FIRST CLAAS USED Gold Level

This classification is reserved for select CLAAS combines* that are 5 years old or newer with fewer than 2,500 engine hours. They will have been cleaned, detailed and meticulously inspected by a FIRST CLAAS USED certified technician. Finally, any “suspect” parts identified during the inspection process will have been replaced by an authorized CLAAS trained technician and a 1-year MAXI CARE 500 Protection Plan is included.

★ SILVER

FIRST CLAAS USED Silver Level

FIRST CLAAS USED Silver is for select CLAAS machines* that are 5 years old or newer with fewer than 2,500 engine hours. They have been cleaned, detailed and meticulously inspected by a FIRST CLAAS USED certified technician. A recommended parts list is made available on Silver machines, but the final reconditioning and protection plan are withheld. Farmers who want to make the repairs themselves, can. Additionally, on Silver Level combines only, if the critical repairs are completed by an authorized CLAAS trained technician, they may be brought up to Gold Level status at a price agreed upon by the dealer and customer.

★ BRONZE

FIRST CLAAS USED Bronze Level

This level contains all “other” CLAAS machines that don’t meet the age or quality requirements for Silver or Gold Status, but are cleaned and operational.

Classification	★ GOLD	★ SILVER	★ BRONZE
Brand	CLAAS	CLAAS	CLAAS
Age	Maximum 5 years	Maximum 5 years	unlimited
Operating hours	Less than 2,500 hours	Less than 2,500 hours	unlimited
Condition	Cleaned, detailed and inspected	Cleaned, detailed and inspected	Clean and operational
Repairs and Maintenance	Professionally reconditioned	Recommended parts list provided	Not Available
Protection Plan	1-year MAXI CARE 500 Protection Plan	Optional drive train protection plan available	Not Available

*Gold level machines only applicable to CLAAS combines. Silver level machines only applicable to CLAAS combines and foragers.
